| meshackkimutai34@gmail.com

| 20406, Nairobi, Kenya

## PROFESSIONAL SUMMARY

---

Experienced software developer with a passion for creating innovative and efficient solutions that make a meaningful impact. Proficient in Java, Python, Django, Flask, JavaScript, Vue.js, and Angular. Accomplished in implementing DevOps practices using Docker, ensuring seamless development-to-deployment processes. Always seeking opportunities to expand knowledge and stay current with evolving industry trends.

## EXPERIENCE

---

### **BHARATHBRANDS PVT. LTD**

Nov 2022- Present

*Full-Stack developer*

- Collaborate with product managers, designers, and other stakeholders to understand requirements and translate them into technical specifications.
- Created high-quality and efficient web applications, ensuring smooth collaboration with cross-functional teams for seamless integration of software components.
- Developed and maintained a continuous integration/continuous deployment (CI/CD) pipeline, significantly reducing time-to-deployment.

### **ItalentGarden limited**

June 2022-2022

*Full-Stack developer*

- Worked with a team responsible for developing Python-based financial management software.
- Implemented REST APIs using Django to enable integration with third-party services.
- Participated in code reviews and provided constructive feedback to other team members.

## EXPERIENCE (CONTINUED)

### DIG DEEP AFRICA

Nov 2021-June 2022

#### Educational Outreach Volunteer

- My role encompasses contributing to their research projects, which center around providing clean water, promoting good hygiene, and offering education and training.
- Supporting initiatives for clean water, hygiene promotion, and education.
- Conducting household visits to collect crucial data and information that will be used by both the county government and Dig Deep for effective resource allocation. The collected data will inform decisions on distributing resources for clean water, hygiene promotion, education, and other community development initiatives.

## SKILLS

- Python Django
- Flask, JavaScript, vuejs and Angular
- API gateway development Integration Studio, OpenAPI.
- SQL, PostgreSQL, MySQL and Oracle.
- DevOps practices and tools, including Docker
- Experience working on Linux and Windows based infrastructure.
- Excellent analytical and problem-solving

## EDUCATION

### Bachelor of Science In Information Technology

2016-2020

Dedan Kimathi University of Technology

- Graduated with an impressive upper-class division grade, showcasing my dedication to academic excellence.
